Page 22 Auto Accompaniment Chord Types CASIO CHORD accompaniment lets you play four types of chords with minimal fingering. Chord types Minor chords m To play a minor chord, keep the major chord key depressed and press any other accompaniment keyboard key located to the right of the major chord key. Seventh chords 7 To play a seventh chord, keep the major chord key depressed and press any other two accompaniment keyboard keys located to the right of the major chord key. NOTE The following procedure describes how to use the Fillin feature. You can turn off the lefthand or righthand part to practice with the remaining part, and the display even shows you what keys to press and which fingers you should use. The indicator " II " appears while a tune play is paused. Applause Sound Whenever you turn off the left hand or right hand part of a Song Bank tune and play it back, an applause sound is produced when the tune reaches the end. Page 28 Using the Chord Book Chord specification buttons CLEAR The Chord Book feature of this keyboard makes it possible for you to look up information about chords quickly and easily. Simply input the name of the chord and the keyboard keys you should press, the fingers you should use, and the notes that make up the chord appear on the display along with the chord name.
